

E-Safety Policy

Scope of the Policy

This policy applies to all members of the school (including staff, students, volunteers, parents / carers, visitors, community users) who have access to and are users of school ICT systems, both in and out of the school.

The Education and Inspections Act 2006 empowers Principals to such extent as is reasonable, to regulate the behaviour of students when they are off the school site and empowers members of staff to impose disciplinary penalties for inappropriate behaviour. This is pertinent to incidents of cyber-bullying, or other e-safety incidents covered by this policy, which may take place outside of the school, but is linked to membership of the school. The 2011 Education Act increased these Powers with regard to the searching for and of electronic devices and the deletion of data.

The school will deal with such incidents within this policy and associated behaviour and anti-bullying policies and will, where known, inform parents / caregivers of incidents of inappropriate e-safety behaviour that take place out of school.

Scope of School E-Safety Policy:

1. Through the school E-Safety policy, school administration aims to meet the obligations to ensure that all stakeholders and visitors are protected from potential harm that may occur through internet and electronic media.
2. This policy is the result of a review of several existing policies and is to be considered in conjunction with the following policies:
